Course description

Are you an enterprising teacher? Are you a curious student? This course in Italian Language and Culture is for you! It will give you the chance to taste the real Italian language and dive into Italian culture, beyond academic versions or stereotypes.

Moreover, it will bring a gust of fresh air to your profession: by stepping into a student's shoes, you will observe new methods and critically reassess your professional attitudes.

You will have the opportunity to attend language courses and seminars about Italian culture. The former includes 20 hours of morning sessions tailored to your language competencies and needs. In the afternoon, you will take part in cultural activities, guided tours, and excursions about Italian Culture.

By the end of this course, you will have expanded your knowledge about the Italian language and culture by observing and absorbing authentic communication practices directly on the spot, supported by local professional tutors.

Your school kit will be enriched with new tools to teach: you will be able to reflect on your profession in a more critical, productive, and enthusiastic way, compare different learning and teaching practices, and choose the one that best fits your inclinations.
