Offers for schools

Are you a teacher looking to strengthen your **English language skills**, whether for personal or professional reasons? Europass Teacher Academy Online has the course for you!

Our Online English Courses for Teachers are specially designed to help teachers of all subjects build their English **vocabulary**, **grammar**, **pronunciation**, and **conversational** skills – in an Online Live Classroom where they can meet teachers from all over the world.

→ English courses

😊 **Teacher trainers** Cristina Salvatori, Robin Desantis, Sheila Corwin, Susan Gagliano

👤 **N of participants** Max 12 per class

📅 **Length** 8 weeks

📄 **Certificate** Europass

Our online English courses take place on our **e-learning platform**. Lessons are held once a week, for **75 minutes each**.

🕒 45 minutes of the lesson is dedicated to **English grammar and conversation**.

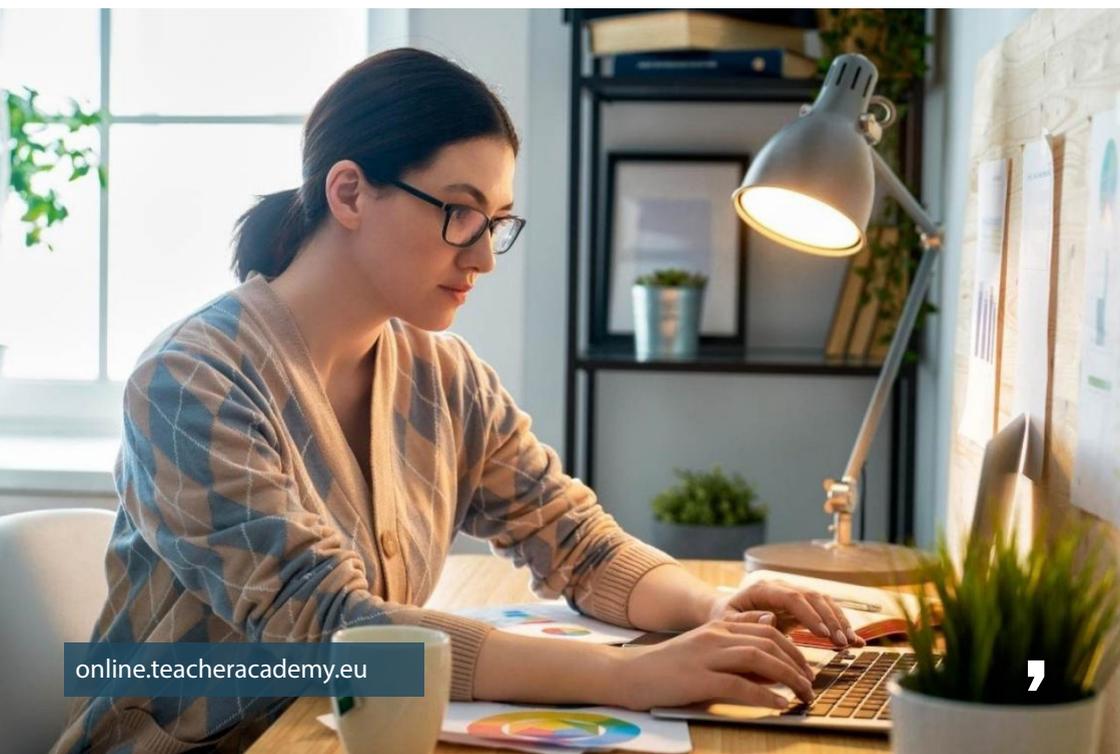

🕒 30 minutes of the lesson is dedicated to conversation, **questions and answers**, on topics such as: school systems, bilingual or multilingual teaching, online education, stress management and well-being, or other discussion topics of interest.

Our teachers are **native English speakers** with a passion for languages and cultural education. Using a **Flipped Classroom approach**, they will facilitate discussions and create an interactive language learning environment, for teachers of all subjects.

We offer a wide range of self-paced online courses for teachers who wish to improve their technical skills and discover the latest e-learning tools and strategies.

Enroll in one of our online courses and **access course materials at any time**. On our e-learning platform, you can watch short **video lessons** or tune into **podcasts**, test your knowledge with **online quizzes**, and exchange methodologies and best practices with other teachers.

→ Self-paced courses

 **Teacher trainer** Robert Schwamborn

 **Level** Introductory

 **Length** Approx. 7 hours

 **Certificate** Europass

Project-Based Learning has been proven to be one of the most effective instructional strategies for involving students in meaningful learning experiences.

PBL can support motivation, deep understanding of curricular topics, long-lasting learning, as well as the development of soft-skills and 21st-century education strategies.

→ Self-paced courses

 **Teacher trainer** Omar Escobar

 **Language** English

 **Level** Introductory

 **Length** 5 or 6 hours

 **Certificate** Europass

Online teaching is rapidly becoming one of the most relevant ways of reaching out to students. However, for some of us, the use of this educational method has been introduced rapidly into our professional lives and it can be challenging to adapt to teaching via a virtual classroom, while still keeping students interested in our course. This course will aid you in making this shift successfully.

 **Teacher trainer** Marco Fenici

 **Language** English

 **Level** Introductory

 **Length** Approx. 5 hours

 **Certificate** Europass

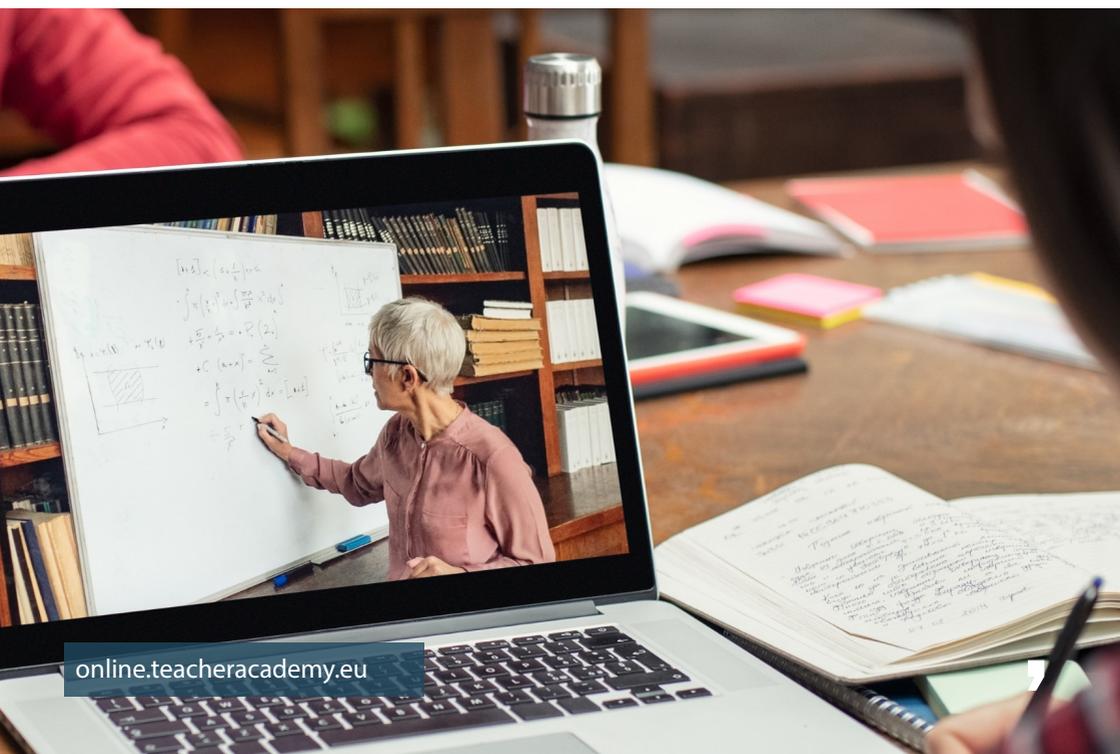

What is the Erasmus program? How can it benefit my school? Who can participate? What can we do with Erasmus funds? This course will introduce you to the Erasmus program – its aims, objectives, and actions. You will be guided through the application process, from registering your school for the Organization Identification Number (OID), to filling out the application form, plus tips and tools for how to easily manage a project.

Remote Teaching? Flipped Classroom? The 4Cs? Project-Based Learning? Which educational framework will you implement in your classroom?

- * Master your skill set in a series of 5 live lessons.
- * Interact with course participants and your trainer in the live chat.
- * Receive supplementary materials and practice new teaching methods.
- * Enjoy self-paced learning with our video lessons.

Part of a group? Invite your colleagues and choose from our course offerings for groups.

 **Duration** 5 Lessons / 60 min. each

 **Starting date** 04/01

 **Certificate** Europass

The **flipped classroom** has been defined as a pedagogical model in which the typical lecture and homework elements of the course are reversed. Flipped classroom is not only an innovative method to make the most of in class time; it is also particularly suitable for online lessons. Students are exposed to content before the online session, which can be used for discussion and debate, to boost both engagement and learning retention.

 **Teacher trainer** Ada Rigacci

 **Language** English

 **Level** Introductory

 **Duration** 5 Lessons / 60 min. each

 **Starting date** Available on-demand

 **Certificate** Europass

Discrimination and bullying are some of the most diffused and dangerous problems at school. Not only can bullying have negative effects on learning, but it can also lead to long-lasting, negative consequences on a student's well-being.

Teachers can work to prevent discrimination and bullying in their classroom with a few simple techniques.

 **Teacher trainer** Ada Rigacci

 **Language** English

 **Level** Introductory

 **Duration** 5 Lessons / 60 min. each

→ **Starting date** Available on-demand

 **Certificate** Europass

Learn how to create engaging content for language learners while helping them develop their knowledge in a second or foreign language. Our topics will include how to develop the four basic skills (reading, writing, listening, and speaking) in non-native speakers of any second language and will place an emphasis on **incorporating variety and student participation.**

Europass Teacher Academy is the largest European provider of professional development courses for educators. Our goal is to **improve the quality** and **effectiveness of education** through creativity, innovation, and collaboration, for the wellbeing of students and teachers alike.

Looking to join an online course together with colleagues from your school or institution? Europass offers a number of **courses specifically for groups**. Contact us to start customizing your next professional development experience.

Europass Teacher Academy Online offers online Continuing Professional Development (CPD) for school teachers and education professionals. The online academy is an offshoot of [Europass Academy](#), the largest provider of face-to-face teacher training courses in Europe, with headquarters in Florence and schools in Barcelona, Athens, Dublin, Berlin, and other locations around Europe. Europass Teacher Academy Online is a pioneer of e-learning for teachers seeking to strengthen their skills and collaborate with international professionals working in the education field.
